

ShowPar™ DJ

RGB LED Stage Par

LED PAR LIGHT SERIES

Model: SP24

The ShowPar™ is an affordable, ultra-quiet, fanless par 64 perfect for theater, house of worship, conference or other applications. It has a high-output beam comparable to a 250 watt halogen par 64. All this in a compact housing weighing less than 3 lbs. and only 5 inches deep.

The on-board processor controls the internal programs and allows stand-alone operation with no need for an external controller. Equipped with a lighted 4 digit LCD control panel, you can easily make changes to DMX addressing or access internal programs. The ThinPar™ 183 is lightweight, compact and durable making it an excellent choice for mobile or permanent applications.

SPECIFICATIONS:

- 183 x 10mm RGB LEDs
